REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Regarding claim 1. The prior arts fail to teach or fairly suggest a system for automatically setting a clock, comprising:

a mobile station providing two-way voice telephone communications, the mobile station being configured for a resettable clock, external and coupled to the mobile station, the clock including an oscillator, a processor for maintaining a current time based on output of the oscillator and a display for outputting the current time to a user, the processor being configured for periodically obtaining an indication of the local time from the mobile station, and resetting the current time to reflect the local time obtained from the mobile station, in combination with other limitations as specified in the independent claim 1.
